# Is this course for me?

If you have some basic drawing skills and would like to learn how to draw realistic figures and portraits from life, this course is for you.

However, there are some reasons why this course might not fit you:

- This art course is not suitable for minors.
- In some lessons, there are images of nude figures. If your religion objects to depiction of figures and portraits, you might consider other non-figurative art courses.
- In this course, realistic drawing of figures is based on constructive drawing principles. If for some reason you do not support the idea of using proportions, anatomy, and construction of a human body, you might be disappointed, as here we teach traditional, time-honored drawing techniques that take their inspiration from the values of classical realistic art.

## Academy tutors

In the Life Drawing Academy, you will learn strong drawing skills from talented and professional fine artists and art tutors Alexander Ryzhkin, Vladimir London, and Natalie Richy.

In addition to teaching life drawing in the 52 video lessons, they also provide personal support and one-to-one tutoring to Academy students.

# What our students say

*“I have been an art student of Vladimir London and Natalie Richy for a few years now. It was one of the best decisions I ever made to take their personal coaching. I have learned so much about figurative drawing in such a short time, which saved me tens of thousands of dollars and years of my life. Thank you!”*

Alex Brown

*“I joined the academy a while back. I tell you, there is not a better place in the whole world to learn how to draw. The most wonderful thing that happened to me was having a wonderful teacher, Vladimir. I have been with him for a long time, and he keeps reminding me that I am doing great, don’t hurry. He won’t leave me. I don’t have anything to worry about! He has taught me so much already. So, a very grateful thank you to Mr. London.”*

Annette Smith

*“I have known Vladimir and Natalie from the time I took their Anatomy Master Class. When I found out that the new art course, Life Drawing Academy, was coming, I was one of the first to get in. This course exceeds anything I have seen. I can tell you that in every video lesson they teach more about life drawing than I ever got from my entire art college experience. This Academy rocks!”*

Richard M.

*“Thank you so much for all your hard work and help! You are always there when I need some advice or have a new painting and want honest feedback. Your support is simply invaluable. I know that I can rely on the Life Drawing Academy tutors at any time, and this makes me feel very special. I watch video lessons over and over again, and every time, there are new things to learn. I am proud to be a member of this academy.”*
